In these uncertain times be rest assured we're here to support you and your business. Over the next day's and weeks it's likely that there will be continued disruption to the way your business operates.

We can assist in the following ways:

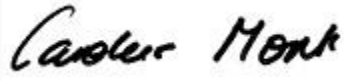

1. [Consider cashflow](#) - we can help forecast short and long-term cashflow to anticipate any potential problems before they occur.
2. [Negotiate time to pay arrangements with HMRC](#) - for any upcoming tax liabilities it may well help your cashflow to negotiate a time to pay (TTP) to lessen the burden in the short term.
3. [Access to finance](#) - we can assist with gaining access to the recently announced government funding support along with sourcing new finance or negotiating payment holidays.
4. [Cloud accounting and remote working](#) - speak to us about the best ways to facilitate this so you and your workforce can remain agile.
5. **Credit control** - outsource your credit control to us to improve cashflow and have one less thing to worry about.

Other things you should be doing to prepare:

- Keep in touch with suppliers, customers and us – we're here to help.
- Consider advancing investment in capital items if this will help your business react or deferring investment to improve cashflow.
- Check insurance policies.
- Review supply chains so you understand where disruption may occur.
- Review business costs.
- Review marketing strategy.
- Review mortgage payments.
- Look ahead and plan for the future.
