

COVID-19 – We are here to keep your business on track

We have all faced challenges we never thought we would face and have proved how much can be achieved when circumstances require it.

We have a dedicated page on our website, which we are updating daily to both summarise all the financial support measures the UK government are announcing but also to provide a resource library of helpful links and guidance. Please follow this link, but remember it is being updated daily.

We also have a team of specialists able to provide detailed advice on each measure that has been announced. So, whether your question relates to the Coronavirus Job Retention Scheme, the Coronavirus Business Interruption Loan Scheme, or any of the other measures, please speak to us.

Our staff continue to deliver the high-quality service you have come to expect from your Beever and Struthers' team.

For some of our staff, there may be a change to their regular working hours. We ask for some patience if it takes a little longer than you would normally expect for an email to be answered. We remain absolutely committed to providing a quality service during these unusual times.

Finally, we ask that, where possible, documents are not sent to us through the postal system. We have arranged a redirection of our post, but this will inevitably lead to a delay in the delivery to the right person.

Please, however, do continue to keep in touch with us. We are here to help you navigate through these challenges, as we all get used to the new normal.

Take care and stay safe.

As always if you want more information, or if we can help in any other way, please get in touch.
