

## Beever and Struthers: Housing Know-How Tech Update

Dear Olivia

We're excited to share something new from teambeevers. Ahead of our upcoming **Social Housing Know How - Tech Update on 15 October**, we've recorded a short podcast to give you a flavour of what's to come.

In this preview, we touch on some of the key topics we'll be exploring at the full session, including:

- Leases and the revenue implications of **FRS 102**, and the importance of consistency.
- Practical considerations around **capitalisation**.
- The growing role of **for-profit organisations** in the sector, and whether they too will be affected.
- Accounting for **unusual transactions** and the challenges they present.
- The impact of **significant regeneration schemes**.

This is the first time we're sharing our podcast, and we hope it helps set the scene for a lively and informative update.

You will have (hopefully) heard that, as of 1 October, our intention is to merge with **Menzies LLP**. This is an exciting development for us, strengthening our ability to deliver even greater expertise and support to the housing sector.

👉 **Click here to hear more about what we've got to say** and get a taste of the discussion ahead. It's all part of our Brighter Thinking approach, making complex issues clear, practical, and relevant.

You can **book your place now** to join us on 15 October for the full session and insights if you haven't already done so!

If you have any concerns or questions about the content, please give us a call on **03330 910411** or drop us an email at **[socialhousing@beeverstruthers.co.uk](mailto:socialhousing@beeverstruthers.co.uk)**. We are here to support you.
